

Market Price Premium Mentorship

2024

ICT 12 month paid Mentorship **Sinhala Medium**

The Market is always teaching you something
so be a student of the game

Micheal j Huddolston

Market Price is the premier ICT mentorship program in Sri Lanka, uniquely conducted in Sinhala. It's not just a course; it's an original mentorship format. As a member, you'll gain theoretical knowledge and benefit from the mentors' experience, enhancing your chances of success. Engage in discussion sessions, track your progress, seek advice on trading-related matters, and refine your trading strategies to become a profitable trader. Additionally, participate in live trading sessions alongside elite traders to learn their decision-making skills firsthand.

Our vision is to empower individuals to achieve financial freedom and success through innovative ICT mentorship, providing them with the knowledge, skills, and support needed to excel in the trading industry. We aspire to create a community of thriving traders who are equipped to navigate the complexities of the market with confidence and expertise.

Our mission is to provide comprehensive and accessible ICT mentorship in Sinhala, offering a unique blend of theoretical learning and practical experience. Through personalized guidance, interactive discussions, and live trading sessions, we aim to equip our members with the tools and knowledge needed to succeed in the trading industry. We are committed to fostering a supportive community that encourages continuous learning, growth, and success.

Our Goals are,

1. **Educational Excellence:** Continuously enhance our mentorship program to provide the highest quality education in the field of ICT, ensuring our members are equipped with the latest knowledge and skills.
2. **Community Engagement:** Foster a strong and supportive community of traders, where members can share experiences, seek advice, and collaborate to achieve their trading goals.
3. **Professional Development:** Offer opportunities for professional growth and development through workshops, seminars, and networking events with industry experts.
4. **Market Mastery:** Help our members develop a deep understanding of the market dynamics, enabling them to make informed trading decisions and achieve consistent profitability.
5. **Innovation and Adaptation:** Stay at the forefront of technological advancements and market trends, continuously updating our curriculum and approach to meet the evolving needs of our members.
6. **Ethical Trading:** Promote ethical trading practices and responsible investing, ensuring that our members trade with integrity and contribute positively to the financial markets.
7. **Global Reach:** Expand our reach beyond Sri Lanka, making our mentorship program accessible to traders around the world, regardless of their location or background.
